

Emerald Ash Borer Panel

10th Canadian Urban Forest Conference
October 2-4, London ON

One of the highlights of this year's CUFC conference is the gathering of North America's foremost experts on the Emerald Ash Borer (EAB). This devastating infestation has weakened the Ash tree population considerably. This will be the largest gathering of experts since the invasive species has wreaked havoc on our Ash trees. What can we do to curb this threat, or is it too late? Some of the panelists include:

Ivan Listar, Manager of Forestry, City of London, ON

Gene Hyde, Chair, SMA Past President's Committee, City Forester, City of Chattanooga, TN

Scott Maco, Davey Resource Group

Anthony Daniel, City of Montreal,

Ian Hanou, Plan-It Geo,

Dr. Krista Ryall, Canadian Forest Service,

Joe Meating, BioForest Technologies,

Dr. Deb McCullough, Michigan State University,

John McNeil, Manager of Forestry, Town of Oakville,

Dan Lambe, Arbor Day Foundation,

Nick Kuhn, Missouri Department of Conservation and SMA Vice President,

Martha Barwinsky, City of Winnipeg,

Dr. Taylor Scarr, Provincial Forest Entomologist, Ontario Ministry of Natural Resources,

Councillor Joni Baechler, City of London,

Mme Mary Mes-Hartree, Director General of Science and Programs Branch, Canadian Forest Service,
Natural Resources Canada, Government of Canada
