Why Should YOU Attend?

MFI is a unique leadership and professional development opportunity you won't find anywhere else. A team of dedicated urban forestry professionals from across North America will help you gain insights into how to move from a good urban forestry effort to a great one. You will learn from and network with urban forestry professionals from large cities and small towns, state and federal agencies, and non-profit organizations. MFI is an investment in your professional future - one that could pay great dividends to you and your city or organization.

What Does MFI Cover?

The Institute curriculum was developed by a team of urban forestry professionals and educators with dozens of years experience in leading urban forestry efforts at the local, state/provincial, federal, and non-profit levels. There are four major components of the MFI curriculum:

- *Developing A Leadership Approach To Your Position*
- *Thinking and Planning Strategically to Advance Urban Forestry Efforts*
- *Working Effectively with Boards, Coalitions, and Non-Profit Organizations*
- *Managing the Relationship Between People and Trees*

The curriculum is presented in a variety of formats including lectures, multi-media presentations, panel discussions, group exercises, and real-life scenarios.

MFI 2019: What to Expect

Required Institute Pre-Work

Part of the MFI experience involves readings and online discussions that will be held during January and early February, 2019. If you're accepted into MFI 2019, you'll need a valid email address and internet access from work or home. Plan on spending about 1-2 hours a week for 5 to 7 weeks on the Institute Pre-Work.

Instructors

The MFI 2019 instructional staff comes with decades of experience in all phases of urban forestry, at the municipal, state/provincial, federal, private, and non-profit levels. Most MFI teaching teams have over 100 years combined urban forestry expertise.

MFI Week Schedule

MFI is an intensive learning experience. You must be able to attend from 4 pm on Sunday until noon on Friday.

There are numerous breaks and a little free time, but the event involves a rather demanding and time-intensive schedule. Though there are sights to see in the area, plan to see them before or after, not during MFI. Your full attendance will be required at every session - partial attendance is not possible. Sorry but pets, partners, and dependants or guests cannot be accommodated at MFI.
