

The Community Capacity Building Training Program presents:

An Information Session on: Acquired Brain Injury/ Traumatic Brain Injury

**Jean-Philippe Thompson – Coalition of CHRCs of Ottawa
& Stacie Howard – Ottawa Inner City Health**

This presentation provides an overview of some of the key issues related to Acquired Brain Injury/ Traumatic Brain Injury. Beginning with some definitions and statistics, the presentation reviews some of the key findings from research that speaks to ABI/ TBI among homeless populations. This included a discussion about concurrent disorders and the 'triple whammy' of factors evidenced in homeless individuals. This presentation also examines some basic approaches that front-line staff can adopt to recognize and respond to clients with suspected brain injuries.

Wednesday May 30th 1:00 - 4:30

Richelieu Vanier Community Centre, 300 des Pères Blancs

**This session is offered free of charge
for front line workers working with those experiencing homelessness.**

Registration is required:
