

**Alliance To End Homelessness Research Forum**  
**Research Round-up Sessions**  
**Nov. 26th, 2013 2:00 PM - 3:00 PM**

**Guide for Researchers**

Be prepared to describe your research project/findings in  
**4 minutes**

*Time restrictions are closely followed.....*

- You may have a **maximum** of 4 PowerPoint Slides (but not required)
- Feel free to bring any material that you may wish to distribute
- **Donna Pettey** from CMHA & a member of the ATEH Research and Evaluation Working Group will oversee the Research Round-up session on the 26th (dlpettey@cmhaottawa.ca)

**Goal of the Research Round-up Session:**

The purpose of the Research Round-up is to provide an opportunity for knowledge exchange and to share information on important research initiatives and findings on homelessness and related health and housing issues. The short time frame provides us with the opportunity to be informed of 'what is out there' and to also provide an opportunity for researchers to start to share some of their work with the broader community.

Forum participants will learn about your particular research/issue area

Researchers will have the opportunity to share information and learn about other initiatives from each other

**Thanks for sharing your ideas and knowledge!**
