"VALLEY VIEW DAIRY" is imprinted on the front and there are more words on the top that are undecipherable. Side of can has a jagged area where it appears a label was torn off. We respectfully acknowledge that the Sidney Museum & Archives is located in Sidney/SET, TINES, on the traditional territory of the W SÁNEĆ People.

1999.030.001		School Desk	A wooden desk bolted onto a wood panel by metal legs; on both sides is printed (on the metal): "Co & SFC--Preston, Ont." The lid is hinged over a six-inch deep container for storing exercise books, etc. The back of the panel is grooved to hold pens and pencils, and on the right hand corner is a round hole which would hold an inkwell. Very good. The lid of the desk is stained with some water marks. The metal legs are getting rusty; the wood is in very good shape.
