

## **Nova Scotia Youth Conservation Corps 2012 Community Partner Project Proposal Application Form**

Dear Potential Community Partner,

Thank you for taking the time to complete the Nova Scotia Youth Conservation Corps (NSYCC) Community Partner Project Proposal Application Form. Please submit your proposal **electronically** by **4:00 p.m. on Friday, April 6, 2012**.

The NSYCC partners with non-profit community organizations, colleges, universities, municipalities and other community groups to provide meaningful work experience in the environmental field for youth **age 17 to 30**. The NSYCC does not consider projects that are of direct economic benefit to a business or that involve work normally carried out by unionized employees.

The NSYCC seeks community partners who can offer work experience in one of the following focus areas:

1. Habitat conservation, restoration and enhancement
2. Education and awareness
3. Research
4. Air quality
5. Watershed quality
6. Waste management

Community partners may submit multiple applications for different projects. Organizations may request crews of between two and four youth to complete the project. The NSYCC contributes 75% of project labour costs, while the community partner is responsible for 25% of project labour costs and all other project costs. The NSYCC labour cost fee structure for the full summer program is as follows:

<b>Number of NSYCC Crew Members</b>	<b>Community Partner</b>	<b>NSYCC</b>
2	\$1732.50	\$5197.50
3	\$2598.75	\$7796.25
4	\$3465.00	\$10,395.00

All project proposals must be submitted via email to Julia Pelton at [jpelton@clean.ns.ca](mailto:jpelton@clean.ns.ca).

Sincerely,

Julia Pelton
